Attention Beverly A. Monroe

Dear Beverly,

Australian Patent Application No. 80700/82
PM 1019
Our File: 24799

Thank you for your letter of 14th January 1986. I must apologise for the delay in reporting to you, which has been occasioned in part by the Christmas holiday and subsequently by sickness of staff.

An amendment was filed in December, which we hope will be fully responsive, and a copy is now enclosed.

Along with my instructions, I sent to Callinan a copy of the issued U.S. Patent and of the amended pages of the European application, so that they could use this material if they thought it desirable. Although they have not commented on the points, I conclude that they do not regard amendments of the American or European kind as being necessary under Australian practice at the present time.

Yours sincerely,

J. H. Bass
